PROGRESS ON NAHIP ADVISORY COMMITTEE MEETING 2020 ACTION ITEMS

Item	Description	Who	When	Status
1	Prepare a combined readership analytics report of downloads from the AHA website and SciQuest.	AHA	Nov-20	Complete. Distributed to the committee in Jan 2021.
2	Include a summary of all national notifiable disease from all data projects by species in future reports.	AHA	Mar-21	Complete. See Figure 2 in the Project Status Report.
3	Facilitate a review of the needs of specific data projects and additional data fields with input from the DAWE.	AHA	Nov-20	Ongoing. This a broader national issue. AHA is looking at opportunities to progress this through the NAHS Plan. In addition, data standards are concurrently being explored and developed for the AUSPestCheck trial (DAWE leading this process).
4	Advise A Breed or L Macfarlane- Berry of any suggestions for AUSPestCheck.	All	Nov-20	Complete.
5	Consult within DAWE and advise the Committee of objectives for surveillance.	A Breed	Dec-20	Complete. Advice from the Department received and shared at Dec 2020 Teleconference. The objectives of surveillance can currently best be described by the "goals" in the NAHS Business Plan 2016-2020.
6	Collate and provide an Australian Government response on the need for non-diagnostic testing data.	A Breed	Dec-20	Complete. Update provided for the Dec 2020 NAHIP Teleconference.
7	Confirm any current and future uses of non-diagnostic equine testing by industry.	E Sears	Nov-20	Complete. No industry requests for using the non-diagnostic equine testing at present. Industry reporting to the International Collating Centre in Newmarket focuses on disease outbreaks rather than non-diagnostic testing. The Animal Health Trust (collaborator with the ICC) entered liquidation in early 2020.
8	Lead the revision of the quarterly statistics section of AHSQ to include a summary section in Volume 26.	AHA	Jan-21	Complete. Implemented in Vol 26.

9	The Committee to convene in December for a discussion on the standardisation of the data projects in NAHIS.	All	Dec-20	Complete. Meeting held 3 rd Dec.
10	NSW and Vic to develop guidelines for inclusion in the NAHIS NNDI reporting instructions on Salmonella Enteritidis reporting.	C Harrison and K Moore	Nov-20	Complete. Final version sent to committee 13 Nov 2020 and NAHIS workbook updated.
11	Coordinate with NAQS on wildlife/feral reporting and presentation of data in AHSQ.	AHA, WHA, NAQS	Nov-20	Complete. Updates included in AHSQ Vol 25 Iss 4.
12	Investigate interactive map issues with Ausvet.	AHA	Sep-20	Complete. Committee advised 30 Oct 2020.
13	Review the business plan and provide comments to AHA.	All	Oct-20	Complete.
