Agenda Item 1.1

Last updated: 17 August 2020

Prepared by E Sears

PROGRESS ON NAMP TECHNICAL COMMITTEE MEETING 2019 ACTION ITEMS

Item	Description	Who	When	Status
1	Aus Gov to confirm if the additional sites for US market access are still a requirement to support trade.	A Robinson	October 2019	Complete. Committee emailed 30/01/2020. Worth maintaining the additional surveillance with the view to consider when co-operators cease to become involved. Need to continue with looking at Simbu group viruses (EHD distribution vs BTV from NAMP serum bank).
2	D Eagles to draft text on the principles underpinning the monitoring plans nationally, to be included in the Operations Plan.	D Eagles	October 2019	Complete. Included in revised operations plan as finalised and distributed on 30.01.2020.
3	AHA to have the revised BTV Transmission Zone prepared in NAMP-info	AHA	End August 2019	Zone change implemented end August as well as an update to the map to distinguish the buffer area from the transmission zone.
4	AHA to update annual coordinator report template to include a section for commentary on viral isolation, viral neutralisation and qRT-PCR tests performed in place of the existing tables in the activity summary report.	AHA	June 2020	Complete. Change to the annual template implemented for 2019-20 annual reporting.
5	AHA and NT to review the reconciliation of the TBA sites for 2018-19.	AHA & NT	October 2019	Complete. Sites replaced to reflect monitoring activities undertaken at TBA sites and reporting updated prior to the Steering Committee meeting.
6	AHA to formalise roles and areas of expertise of committee members out of session.	AHA & Coordinators	October 2019	Complete. Included in revised plan presented to SC Meeting in Nov 2019.
7	Committee members to provide additional comments and feedback for consideration including any additional program risks from a technical perspective.	Coordinators	October 2019	Complete with the finalisation of the revised business plan.
