

FOR INFORMATION

NAHIP Advisory Committee Annual Meeting 2021

Agenda Item 3.1

Last updated: **15 November 2021**Prepared by *J Sarandopoulos***Victorian NAHIP coordinator report 2020-21****RECOMMENDATION**

1. That the NAHIS Advisory Committee NOTE:
 - a. **Victorian's NAHIP activities for 2020-21**

BACKGROUND

1. Victoria reports quarterly data to NAHIS and the AHSQ as required.

DISCUSSION

2. The cross checking of EAD tests by AAHL continues to be useful in detecting data errors or missing data.
3. As previously noted reporting of health certification testing will be an under estimation of all testing as negative test results are not always reported by laboratories to Agriculture Victoria.

FINANCIAL IMPLICATIONS

4. NA

CONSULTATION/COMMUNICATION

5. NA

NEXT STEPS/ACTIONS

6. *None proposed.*

FEEDBACK

7. *[Please respond to the questions below in assessing the performance of the NAHIP over the 2020–21 year, and use this as an opportunity to offer feedback and suggested changes for continual improvement.]*

Q1 My organisation's needs and expectations of the NAHIP are being met.				
Strongly agree	Agree	Undecided	Disagree	Strongly disagree

Please explain your answer, including any suggested changes:

The clinical disease investigation data is valuable.

Q2

My organisation is satisfied that the outputs of NAHIP, such as the Animal Health in Australia report are Animal Health Surveillance Quarterly, are credible and robust.

Strongly agree

Agree

Undecided

Disagree

Strongly disagree

Please explain your answer, including any suggested changes:

AHSQ and AHIA are well produced and appear to meet the needs of the information required by our trading partners

Q3

The format and protocols in place for uploading and transferring national surveillance data are fit for purpose.

Strongly agree

Agree

Undecided

Disagree

Strongly disagree

Please explain your answer, including any suggested changes:

The current process appears to work well.

Q4

NAHIP satisfies national surveillance data and reporting requirements. (Please outline any requirements not being met).

Strongly agree

Agree

Undecided

Disagree

Strongly disagree

Please explain your answer, including any suggested changes:

The data reported nationally appears to meet the surveillance needs of the Commonwealth. We have found it useful in providing a picture of specific disease trends.
